

CITY CCUNCIL MEETING
JUNE 6, 1990

RIGHT-OF-WAY
ENCROACHMENTS

CC-16

City Clerk Reimche presented a letter which had been received from Kenneth W. McConnell, Henderson Bros., Co., Inc. requesting a meeting regarding public right-of-way encroachments. The City Manager advised the City Council that he had tentatively scheduled this topic for discussion at a Shirtsleeve Session to be held on July 3, 1990.

RE: Chapter 12.04, Lodi Municipal Code.
Public Right-of-Way Encroachment.

Dear Ms. Reimche:

Last month, Glen C. Baltzer, City of Lodi Street Superintendent, sent letters to certain merchants located on or near Sacramento Street. These letters were notices of violation of the above mentioned Code. They were particularly directed at the use of sidewalks directly in front of each merchants place of business for the use of displaying merchandise for sale.

Each of the merchants who received a letter responded by contacting one of the following: Mayor Randy Snider, City Manager Tom Peterson or one of the City Council members. While it appears that everyone is in agreement that something should be done, to date nothing other than conversation has taken place,

On behalf of myself, and the other merchants involved, I respectfully request that a meeting between the City of Lodi and the involved merchants be set up. Perhaps one of the early Tuesday morning meetings would be the place to start.

Please advise as to when such a meeting can be arranged-

Sincerely:

Kenneth W. McConnell
